Biography

Chris Comish is a prolific author and dedicated researcher specializing in esoteric philosophy, non-dualistic spiritual traditions, and foundational metaphysical frameworks. Since starting a significant twenty-year cycle of spiritual work in 2006, he has authored a diverse body of literature, including 28 Powerful Reiki Attunements, Book of Healing, Book of Wisdom, Earth Gate, The Path of Oneness, and Eternal Spirit.

His research focuses on the integration of Spirituality, Metaphysics, Esotericism, The Law of One, Gene Keys, Theosophy, the Ageless Wisdom, Prayer, and Reiki healing exploring the deep intersections between ancient initiatory paths and contemporary spiritual evolution. A primary focus of his current work is the establishment of

"archival anchors"—ensuring that spiritual and philosophical insights are preserved within global academic and national institutions.

Based in the mountains of Colorado, Chris balances his scholarly pursuits with a commitment to nature-focused living and community building. His work seeks to bridge the gap between abstract philosophical inquiry and the practical application of spiritual wisdom for future generations.
